Non-Traditional Degrees

Masters of Interdisciplinary Studies

Designed for students balancing careers with education, the College of Education's Masters of Interdisciplinary Studies (MIS) program offers up to six years to earn a degree, allowing working professionals a chance to go back to school on their own time.

Bachelors of Individualized Studies

The Bachelor of Individualized Studies degree program is a unique and flexible program designed for students who have a strong desire to create a personalized academic plan. This individualized program allows students to tailor their curriculum to their specific interests, combining courses from various disciplines to create a personalized and well-rounded education.

VSU TEACH

The VSUTEACH Scholars program is a collaborative partnership between The National UTEACH Organization and the Colleges of Education, Natural Health Sciences, Agriculture, and Engineering and Technology at Virginia State University. This program is designed to recruit Agriculture, Biology, Chemistry, and Math majors into the field of teaching to address the teacher shortage in the Commonwealth of Virginia.

About US

VSU's College of Education has a long history of preparing teachers and educational leaders to enhance learning, both in their own communities and abroad.

Since 1882, we have served our students, as well as P-12 schools and other recreational facilities by preparing teachers, leading educational organizations, and building a stronger educational workforce for Virginia.

College of Education

Teaching & Learning

The Department of Teaching & Learning offers a wide range of majors for aspiring teachers seeking a Bachelors or Masters degree in the field of education. Taught by a caring and culturally-responsive faculty, our education programs provide safe and effective learning environments in VSU's state of the art facilities, while also exposing students to real-world teaching environments.

We are proud to highlight our signature programs "I Too Teach" and “H.E.R.O.” or Hybrid Education Residency Opportunity.
